

Data Access Policy Summary

Rothamsted North Wyke Farm Platform Datasets

February 2016

Principles

Rothamsted Research asserts its ownership of data from the North Wyke Farm Platform and is committed to sharing the data from the North Wyke Farm Platform for the purposes of research, education and commercial applications.

We are keen to encourage the commercial exploitation of our research outputs and if you wish to access our data for a commercial purpose, then please contact our Knowledge Exchange and Commercialisation team <http://www.rothamsted.ac.uk/kec> .

For research and education purposes, we are making data available under a Creative Commons license – the so-called Attribution-NonCommercial-No Derivatives 4.0 International license or CC BY-NC-ND 4.0

<https://creativecommons.org/licenses/by-nc-nd/4.0/legalcode>. We reserve the right to change the licensing terms from time to time.

The basic restrictions are set out below and by registering as a User on our data portal and downloading datasets it will be interpreted that you are accepting these license terms.

Rights

1. You have the right to use the data for research, education and other non-commercial purposes.
2. You are allowed to copy and distribute the data in any medium or format.

Terms

Attribution: You must give appropriate credit, provide a link to the license, and indicate if changes were made. You may do so in any reasonable manner, but not in any way that suggests the licensor endorses you or your use.

Appropriate attribution depends on the nature of use, but the minimum expected is acknowledgement of Rothamsted Research, North Wyke Farm Platform as the source of the data and the UK Biotechnology and Biological Sciences Research Council (BBSRC) as the funding agency. See also:

**Non
Commercial:**

You may not use the material for commercial purposes.

No Derivatives:

If you remix, transform, or build upon the material, you may not distribute the modified material.

**No Additional
Restrictions:**

You may not apply legal terms or technological measures that legally restrict others from doing anything the license permits.
